WEEKLY PROGRESS REPORT (WPR) – 2

Enrolment No. – A1004821027

Program – BCA

Batch – 2021-2024

Student Name – Aryan Kaushik

Faculty Guide's Name – Jitender Tanwar

Project Title – Wikipedia Article Extraction Using Voice Commands

Target set for the Week – Gathering All the required Software and Modules

Progress/ Achievements of the week – As per my research, the language which will be used is '**Python**' and the modules I am going to use are 'Speech Recognition', 'Text to speech', 'Speech to text', 'Voice modules', 'Mic input module', 'Google Translation API', 'Wikipedia API', 'OS to access files'.

Future Work Plans – Learn about all the Modules and how they work.

Regards

Aryan Kaushik
